Project

This webinar is part of the Interreg-funded bridge-building project Collaboration on Green Innovation and Knowledge Based Business Development for African Growth Markets. Project partners are Inclusive Business Sweden, Access2innovation, and the Norwegian-African Business Association. This bridge-building project is a first step that will enable us to find potential partners in public and private financing with aligned interests with whom we can define and raise funds for a larger project implementation project. The roundtable is brought to you in collaboration with SDSN Northern Europe.

Who can participate?

Universities, SME's, Research Institutions, Financial Institutions, Private/Impact/Angel Investors and Venture Funds in the ØKS region.
